The Huntington Family continues to grow

Our new family members will be opening new centers in Arkansas, California, Colorado, Connecticut, District of Columbia, Florida, Maryland, Texas, and Virginia.

Huntington receives top honors from FranNet

Huntington has awarded numerous franchises since partnering with FranNet in 1996. FranNet recognized this union by awarding Huntington Learning Center with the #1 Partner of the Year Performance award at their annual awards banquet in Houston on March 16th. FranNet was founded in 1987 to facilitate successful matches between aspiring entrepreneurs and franchise companies. FranNet currently has more than 80 offices in North America and has helped thousands of people find the right franchise business via extensive interviewing and personality testing.

Celebrating 30 Years of Excellence

Thirty years ago, our founders, Ray and Eileen Huntington acted on a dream. That dream included helping every student get the best education possible. Since 1977, Huntington Learning Center has provided supplemental education services to hundreds of thousands of students across the United States. Without the vision, determination and drive of our founders, we would not be the pioneer and leading provider of supplemental education, throughout the U.S.

Distinct Recognition

Eileen Huntington has been recognized as one of New Jersey's Best 50 Women in Business by NJBIZ, New Jersey's premiere business news publication. An independent panel of judges selected Eileen as one of New Jersey's most dynamic and distinguished women in business today. She was selected from among hundreds of applicants for her outstanding commitment to business growth, professional excellence, community involvement, and advocacy for women in business and her community.
